

U600-HA1

TECHNICAL DATA

U600-HA1 RECEIVER:

Frequency range	UHF640-690 MHz
Total number of channels	200 groups
Working mode	PLL phase locked loop
Dynamic range	> 110dB
Distortion	0.5%
Frequency response	30Hz-20KHz
Signal-to-noise ratio	> 90dB
Effective distance	150M
Power source	12V 1000mA
Audio output interface	Balanced output 1*6.3mm,2*XLR
Collection principles	True diversity
Product size	480*221*45mm

U600-HA1 HANDHELD TRANSMITTER PARAMETERS:

Transmitter power	10mw or 5mw
Working mode	PLL phase locked loop
Use battery type	2AA
Reflection image response	> 50dB
Frequency range	30Hz-20KHz
Product size	50*255mm
